SEPTEMBER MONTHLY MEETING

Cornell Rock will be speaking about plate tectonics. He is a long time friend and supporter of the Mineral Society. We are honored to have him share his wealth of knowledge with us at our monthly meeting. Cornell is a Geologist and a world traveler, spending a lot of time abroad.

Knowing about Plate Tectonics, can help you to understand how Diamonds, Gold and other minerals are formed.

NEW ROCK DOCTOR

Corey Leblans has volunteered to be our new ROCK DOCTOR. Members can contact Corey with information and a **good quality close up of your specimen**. Any pertinent information that you can provide, like hardness or if it is magnetic, would be useful. Contact Corey; geologycl@gmail.com

FIELD TRIP UPDATES

Please advise; the Field trip leader, if you are interested in attending any of these field trips.

Cat Lake; Central claim; October/November, with Bill Hood, contact Jack Bauer for details

Meteorite hunt; October, Ralph Croning, contact Jack Bauer for details, weather permitting.

The date will be posted in our next news letter.

Tanco Rubble pile; The Tanco road bridge has been washed out, which may present a collecting opportunity. More research is needed, before we can confirm. Contact Jack Bauer if this opportunity would interest you.

We are hoping that this nice Fall weather will continue into November.

ANNUAL GENERAL MEETING (AGM) and Elections

The AGM meeting will be held on October 12, 2022 during our monthly meeting. We will also have a **Show and Tell** so bring your finds for display. If you don't know what you have, we might be able to identify it for you? We can also check to see if it fluoresces under long wave light.

There will be very important information and documents shared at the AGM. If you can't make it in person, the meeting will also be done virtually for everyone to participate.

Refreshments will be served.
